PROJECTS

[Rains Ecommerce App](#)

A simplified rebuild of an e-commerce website. Browse products, select colors, add, and remove products from cart.

Technology: HTML, CSS, React, JSX, JSON

[Flickr Gallery Search](#)

An app that fetches and returns photos from Flickr's API based on the user's search. Displayed in a dark UI.

Technology: HTML, CSS, React, JSX

[Employee Directory](#)

An app that displays cards of random employee data pulled from an API. Each card can expand to show more data.

Technology: HTML, CSS, JavaScript

[Sign Up Form](#)

A sign up conference fill-out form that validates and processes user information.

Technology: HTML, CSS, JavaScript, jQuery

[List Pagination & Filtering](#)

A sign up conference fill-out form that validates and processes user information.

Technology: HTML, CSS, JavaScript

[SQL Library Manager](#)

A library database to add, update, delete, search, and view books. Displayed in a dark UI.

Technology: HTML, CSS, Node, Express, Pug, Sequelize
